

CITY OF BELLEVUE

106 N. Third Street
Bellevue IA 52031

Chuck Roling -872-4554 or Brent Roling 563-357-1098 - Zoning Officer

REMINDER: BEFORE YOU DIG CALL 811 AND HAVE ALL UNDERGROUND UTILITIES LOCATED. THE CALL IS FREE AND THE SERVICE IS FREE.

DECK, BALCONY, OR OPEN PORCH

District: Residential

Permit Fee: \$50.00

1. A deck may be placed in any yard around a house
2. Decks extending less than 8 feet into a front yard will not be considered to be part of the building for yard purposes
3. In a rear yard, a deck will not be considered part of the building for yard area purposes.
4. Decks projecting into a side yard must meet full yard requirements.
5. A deck may not project more than 10 feet from the face of a building.
6. **A building permit must be posted in the front window of the residence**

FENCE OR CONTINUOUS PLANTING

District: ALL

Permit Fee: \$50.00

1. A fence may be constructed in any district.
2. A fence may be built 6 inches from any property line.
3. A fence along the front of a property may not exceed four feet in height.
4. A fence along the rear or sides of a property may not exceed seven feet in height.
5. At a corner lot adjacent to a an intersection, no fence shall be constructed within 30 feet of any corner lot street line intersection, which would impair the sight distance of the operator of a motor vehicle.
6. **A building permit must be posted in the front window of the residence**

GARAGE OR ACCESSORY BUILDING

District: Residential

Permit Fee: 576 sq. ft. or larger - \$250.00

Permit Fee: Less than 576 sq. ft. - \$100.00

1. A garage must be 5 feet from adjoining lot lines.
2. An unattached garage must be at least 5 feet from any other building on the same property.
3. A garage must be at least 5 feet from the alley right of way. If the garage door opens toward the alley it must be 10 feet.
4. Attached garages need to meet the requirements of a house.
5. A garage may be in a side yard provided that a full required side yard is provided between the garage and side lot line. An accessory building within sixty (60) feet of the front lot line shall have a full side yard between it and the side lot line.
6. A garage may not exceed 18 feet in total height. The sidewalls of a garage may not exceed 9 feet.
7. Accessory buildings may not occupy more than 30% of rear yard.
8. **A building permit must be posted in the front window of the residence**

PRINCIPAL STRUCTURE (NEW HOME/BUSINESS)

INSTRUCTIONS FOR ATTACHED FORM

Note: This application will not be considered without a detailed sketch showing the following: applicable yard dimensions, address, size and location of proposed structure.

Use the following directions to fill out the drawing for your permit application.

1. The drawing represents a typical building lot. A primary structure, usually the house, is included.
2. Using a tape measure, measure the various yard areas and fill in the size of the front, rear, and side yards.
3. Using a black pen, or pencil, sketch in any existing accessory buildings as they are located on the lot. This includes garages, sheds, patio, decks, porches, fences, etc.
4. Use a red pen to sketch in the new construction, addition, accessory buildings, fence, deck or whatever this permit application is for.
5. Use the red pen to fill in the distance between the proposed new construction and the various lot lines.
6. If your drawing is now complete, review it for accuracy, sign and date it.
7. Return the questionnaire and drawing to City Hall for processing.
8. If the sample drawing does not coincide with the layout of your lot, feel free to make a new, accurate drawing.

If you have any questions about this form, please contact Chuck Roling, Zoning Enforcement Officer at 872-4554.

*****NOTE FOR HOMEBUILDERS*****

Please remember that the setback distances are measured from the property line. The property line is not the curb line. Also, please remember that the set back distance applies equally to your house and/or garage so that no portion of your structure is closer than the required setback.

I certify that this is a true and correct copy of what I plan to build.
